

Hello, I am an experienced front-end developer. My specialties include React, TypeScript, Redux, Redux Toolkit, JavaScript, HTML, CSS, SASS, Git, GitHub, Axios, REST API, Material-UI, Figma, Express (basic). I am now improving the technologies I know and expanding my stack with new technologies such as Angular.

In my spare time I study English, solve codewars and read books, now I read (JavaScript: The Complete Guide). Open to your suggestions.
